1 Filtering

Prevents water pockets from forming and protects from dirt. Suitable for heavy rain and recommended for snowy or windy areas.

2 Perfect tension

Its fastening system with individual bungee cords gives it perfect tension once in place over the pool.

3 PVC reinforcement

Limits wear and tear and protects the mesh at the inside corners of stairs.

Quick and easy installation thanks to its lightness.

*Production and material against any manufacturing defects within the limit of the maximum dimensions, according to our general conditions of sale.
Maximum cover dimensions: 14.8 x 6.8 m (stairs included) for compliance with the standard NF P 90-308.
